Forecast for Tuesday 06 Oct 2020

Weather: A mixture of bright or sunny intervals and showers, some heavy with a low risk of thunder. The showers will be quite frequent but moving through quickly on the strong westerly winds. Becoming mainly dry through the evening. Feels like temperatures close to freezing across summits.

Chance of cloud free mountain/hill tops above 600m: 70%. Cloud occasionally lowering to around 500 or 600m, especially over western hills.

Visibility: Generally excellent air clarity between showers. Sudden reductions to a few km or less as showers pass through.
